State Council of Higher Education for Virginia (SCHEV)

SCHEV is the Commonwealth's coordinating board for Virginia's system of public and private colleges and universities. SCHEV makes higher education policy recommendations to the governor and General Assembly in areas such as operating and capital funding, student enrollment projections, and student financial aid. SCHEV must approve new academic programs to be offered and certify colleges to operate in Virginia. SCHEV also has oversight for a variety of educational programs, including student financial aid.

Virginia Association of Student Financial Aid Administrators (VASFAA)

VASFAA is a nonprofit organization of financial aid professionals serving the Commonwealth of Virginia. Its mission is to promote the professional growth and collaboration of its members to ethically, competently, and adequately serve the needs of students, families, and colleges in matters related to financial and informational resources that support student postsecondary education goals. VASFAA's membership is composed of financial aid administrators from two- and four-year public and private colleges and universities, and private career schools. Membership also is open to persons involved in the administration of financial aid in secondary schools, foundations, community and civic organizations, government organizations, and the lending community.

Virginia College Access Network (VirginiaCAN)

VirginiaCAN is a nonprofit membership organization of college access providers, secondary school guidance counselors, and college admissions and financial aid professionals across Virginia. VirginiaCAN members share a common goal — to enhance postsecondary education access and attainment for residents of Virginia. VirginiaCAN provides leadership and support for Virginia's college access organizations. We do this in two ways: first, by providing professional development and networking for the access groups helping students prepare for post-high school opportunities in Virginia; and second, by educating key leaders on access and facilitating their support for increased resources to support access groups and the attainment of post-high school education and training.

About This Book

“Virginia Opportunities” is a resource guide to help students and families prepare for college opportunities in Virginia and learn about financial aid resources administered by the Commonwealth. It supplements the main “Opportunities” guide and workbook.

High School Requirements

CREDITS NEEDED FOR GRADUATION

Most Virginia students earn either a standard diploma or an advanced studies diploma.

Students must earn a combination of standard and verified units of credit to receive either diploma. Students earn a standard unit of credit for a course by successfully completing 140 clock hours of instruction and meeting the objectives of the course. A verified unit of credit is awarded for a course in which a student earns a standard unit of credit, and achieves a passing score on a corresponding Standards of Learning (SOL) Test or other test approved by the Virginia Board of Education.

The chart on this page shows the minimum high school graduation requirements that have been established for Virginia high school graduates.

For additional information about Virginia's high school graduation requirements, visit www.doe.virginia.gov/2plus4in2004/index.shtml.

	English	Math	Laboratory Science	History & Social Science	Foreign Language	Health & Physical Education	Fine Arts or Career & Technical Education	Electives	Student Selected Test	Total Units
Standard Diploma Units of Credit	4	3	3	3	0	2	1	6	0	22
Standard Diploma Verified* Credits	2	1	1	1	0	0	0	0	1	6
Advanced Diploma Units of Credit	4	4	4	4	3	2	1	2	0	24
Advanced Diploma Verified* Credits	2	2	2	2	0	0	0	0	1	9

* Verified credits are earned by passing the course and its related SOL Test or an approved substitute test.

Two-Year Public Colleges

PROGRAMS OF STUDY AND TRANSFER REQUIREMENTS

Wherever you live in Virginia, there is a two-year public college nearby. There are two types of public two-year colleges:

- ▶ **Community colleges** – There are 23 community colleges on 40 campuses. Some community colleges have multiple locations. See pages 11-12 for a list of these colleges and their contact information.
- ▶ **Junior college** – Richard Bland College in Petersburg is Virginia's only public two-year college that is not a community college.

Programs of Study

Community colleges offer a wide variety of programs of study, although all programs are not offered at all community colleges. Many of the programs offered are vocational, providing practical skills for employment. These include programs in agriculture, health professions, information technology, and manufacturing, among others. Community colleges also offer programs in arts and sciences that provide a foundation for continued study at a four-year college.

Community colleges offer programs leading to certificates, diplomas, and associate's degrees. For a complete list of community college programs, visit the Virginia Community College System's Web site at www.vccs.edu and click on "College Locator."

Richard Bland College's sole mission is to prepare students for transferring to four-year colleges after the completion of an associate's degree program. Visit Richard Bland College on the Web at www.rbc.edu/.

Transferring to a Four-Year College

Virginia's two-year colleges have transfer agreements in place with Virginia's four-year colleges – both public and private. These agreements guarantee admission to selected four-year colleges for students who have completed a degree program at a two-year college. Students who are guaranteed admission must meet certain requirements – such as a minimum grade point average – that vary among the four-year colleges. Details of these agreements and requirements are available on the Virginia Community College System and Richard Bland College Web sites.

If you are interested in transferring to a four-year college, many – but not all – of the courses you take at a two-year college transfer to a four-year college. The State Council of Higher Education for Virginia has a Web tool that helps you plan which courses to take if your goal is to transfer to a four-year college. This Web tool is available at www.schev.edu/students/transfer/default.asp.

College Profiler

There are many factors important in choosing a college. How you fit in academically and the cost of attendance are important considerations. The chart below and on page 5 provide some of the information you need to compare colleges on these factors.

PUBLIC COLLEGES	Test scores and high school grade point averages are provided to show you how your scores compare to those of students admitted in the 2008-2009 academic year. Some students were admitted with lower scores and GPAs, while other students were admitted with higher ones. Keep in mind that test scores and GPA are not the only criteria used to determine whether you are admitted.				Cost Before Financial Aid

VIRGINIA 529 COLLEGE SAVINGS PLANS

Virginia offers four tax-advantaged Section 529 college savings programs. The programs are administered by Virginia College Savings Plan, the independent state agency created in the mid-1990s to help families save for college. Virginia's Section 529 choices are: the Virginia Prepaid Education ProgramSM (VPEP), the Virginia Education Savings TrustSM (VEST), CollegeAmerica[®], and CollegeWealthSM. They all offer significant tax advantages and can be used at colleges nationwide.

Section 529 allows tax-free withdrawals for qualified college expenses. Participants in VPEP, VEST, CollegeAmerica, and CollegeWealth can deduct their entire investment over time from their Virginia taxable income. No other Section 529 plan in the country can offer Virginia state tax benefits.

For more information about VPEP, VEST, and CollegeWealth, visit: www.Virginia529.com.

For more information about CollegeAmerica, visit: www.americanfunds.com.

VPEPSM

VPEP contracts cover future undergraduate in-state tuition and mandatory fees at Virginia public universities and community colleges for today's students in the ninth grade or younger. VPEP contracts are backed by a statutory guarantee. VPEP benefits also may be used at eligible colleges anywhere, since VPEP provides a guaranteed rate of return on the initial investment when used at private colleges in Virginia or colleges outside Virginia.

VESTSM

VEST offers a diverse selection of no-load investment options, including a number of Vanguard mutual funds. Individuals of all ages can participate, wherever they live, as long as they are a U.S. citizen or legal resident alien. VEST is open year-round, and can be used to save for tuition, fees, room and board, and required textbooks, computers, and supplies at eligible colleges throughout the world. VEST was ranked (by Morningstar Inc.) among the top five 529 plans in the country for the second year in a row.

CollegeAmerica[®]

The Virginia College Savings Plan, in partnership with American Funds, one of the oldest and largest mutual fund companies, offers CollegeAmerica through financial advisors nationwide. CollegeAmerica was also ranked (by Morningstar Inc.) among the top five 529 plans in the country for the second year running. With CollegeAmerica[®], families can save for qualified higher education costs, including tuition, fees, room and board, and required textbooks, computers, and supplies. CollegeAmerica gives investors the choice of 23 American Funds in five share classes, including a share class especially designed for employer-sponsored programs.

CollegeWealthSM

CollegeWealth is the Virginia College Savings Plan's partnership to offer savings products insured by the Federal Deposit Insurance Corporation (FDIC). CollegeWealth helps families benefit from the tax advantages of 529 accounts – and guarantees the safety of their money – by offering the opportunity to save for their children's or their own higher education costs through participating banks. An affordable and familiar way to save, CollegeWealth offers bank savings products backed by the FDIC up to \$250,000 (when combined with any other holdings of an individual at any one bank) through Dec. 31, 2013.

VIRGINIA COLLEGE DIRECTORY

The following pages provide contact information for many of the degree-granting colleges and universities, as well as nursing schools, located in Virginia. For a complete list that also includes non-degree granting colleges, visit the State Council of Higher Education for Virginia Web site at www.schev.edu or call 804.225.2600 for more information.

Contact the admissions office for information on campus tours, or to request an admissions application or information packet. The financial aid office can give you information on the college's financial aid procedures and available college scholarships as well as let you know the status of your financial aid applications.

Deadlines Are Important!

Many of the colleges on the following pages have deadlines for submitting admissions applications. Check with the college to make sure you know what information you need to submit by the deadline to maximize your chances for admission.

Also, many colleges have a "priority filing date" for financial aid. If you miss this deadline, it doesn't mean you will not be considered for financial aid. However, meeting this deadline will maximize your opportunity to receive aid from the college.

Super Saturday

On Saturday, February 13, 2010, the Virginia Association of Student Financial Aid Administrators (VASFAA) will hold Super Saturday at multiple sites throughout the Commonwealth of Virginia. Super Saturday is an annual VASFAA event that invites college-bound students to a location near them to receive free assistance in completing the Free Application for Federal Student Aid (FAFSA) online. Each Super Saturday site will include a financial aid workshop that explains the federal and state financial aid process, and one-on-one assistance in completing the FAFSA online. For detailed information on the program and locations, go to www.vasfaa.org and click on "Students/Families."
